

# TSHEDZA LUNGELO MABASO

**BCom Information Systems Student | Data Analytics • Data Engineering • Software Development**

Johannesburg, Gauteng, South Africa | [mlungesta@gmail.com](mailto:mlungesta@gmail.com) | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

## PROFESSIONAL PROFILE

Second-year BCom Information Systems student at the University of Johannesburg with practical experience in data analysis, dashboards, SQL, Python, C# and web prototyping. Microsoft-certified in Power BI Data Analytics and Azure Data Fundamentals. Currently completing a remote Data Visualization Trainee internship and building portfolio projects that combine analytics, cloud and software development.

### EXPERIENCE

**Data Visualization Trainee — Excelerate** | Remote | Oct 2026 –Present

- Completed onboarding for a structured remote internship focused on data visualization and analytics; responsibilities will be expanded as project work begins.

**Deloitte Australia Data Analytics Job Simulation — Forage** | Sep 2026

- Built a Tableau dashboard to analyse manufacturing downtime and used Excel formulas to classify gender pay equality scores.

### SELECTED PROJECTS

**SkillBridge AI — UJ × Vodacom × AWS Hackathon 2026**

- Hackathon prototype for skills-to-work matching, skill assessment, CV/ATS review, growth roadmaps and AI career coaching using fictional demo data.
- Stack: HTML/CSS/JavaScript, Python/FastAPI, AWS-oriented architecture including Amplify, Lambda, Bedrock and Amazon Q.

**UJ Compass — Student Support & Communication Hub**

- Team hackathon prototype for campus updates, support-service routing, ticket tracking, virtual queues, accessibility features and simulated bus tracking.

**Sidekick — AI-Powered Workplace Productivity Assistant**

- Static prototype featuring simulated email drafting, meeting summaries, task planning, research assistance and responsible-AI notices.

**Sales Data Analysis Dashboard & Student Performance Analyzer**

- Built an Excel sales analysis dashboard and a Python/CSV student performance analysis project to practise cleaning, analysis and reporting.

### EDUCATION

**University of Johannesburg**

BCom in Information Systems | 2025–2027 (expected)

Selected results: Development Software 2A 79%;

Information Systems 2A 72%; Development Software 1A

75%; Information Systems 1B 78%.

### TECHNICAL SKILLS

- Data & BI: Power BI, Excel, Tableau, SQL, Power Query, DAX
- Programming: C#, Python, JavaScript
- Cloud & Platforms: Microsoft Azure fundamentals, AWS exposure, GitHub
- Web: HTML, CSS, JavaScript; basic front-end prototyping
- Strengths: problem-solving, teamwork, communication, initiative, attention to detail

### CERTIFICATIONS & DEVELOPMENT

- Microsoft Certified: Power BI Data Analyst Associate (PL-300) — 2026
- Microsoft Certified: Azure Data Fundamentals (DP-900) — 3 Oct 2026
- Google AI Essentials — 2026
- UJ 4IR Programme — Completed
- Advanced Information Literacy — UJ award
- Azure Administrator Associate (AZ-104) — exam booked / preparation in progress

### HACKATHONS & COMMUNITY

- UJ × Vodacom × AWS Hackathon 2026 — SkillBridge AI
- Entelect HackIT 2026 — participant
- Volunteer Mathematics tutor and university-application mentor for school learners
